DETAILED ACTION

1. Applicant's response filed on June 16, 2004 has been considered as a request for reconsideration of the finality of the rejection of the last Office action. It has been entered. Due to some confusion in the prosecution, the finality of that action is withdrawn.
2. The After Final Amendment filed on April 16, 2004 has been entered.

Election/Restrictions

3. Claims 1-9 and 14-18 are withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to nonelected Groups, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in Paper No. 14.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 10-13 and 19-21 are rejected under 35 U.S.C. 102(b) as being anticipated by Crouse.

Crouse discloses a trimming apparatus comprising all the elements claimed including, inter alia, a scrap receiver (e.g. 18) and a nozzle (Fig. 3). See whole patent.

Response to Arguments

6. Applicant's arguments filed April 16, 2004 have been fully considered but they are not persuasive.

In response to Applicant's basic argument that Crouse does not anticipate the claimed invention because Crouse allegedly lacks the nozzle adapted to direct a stream of fluid as claimed, this argument is traversed. Contrary to Applicant's argument, Crouse includes two sets of nozzles (38, 39) in which at least the nozzles (39) is directing fluid in the direction as claimed.

Having reviewed the prosecution, the Examiner notes certain inconsistencies. In the Final Office Action, Paper No. 21, the Examiner inadvertently omitted the new claims 19-21 as being rejected under the same prior applied against claims 10-13. Moreover, the Examiner did not correctly identified the claims that were rejected in the cover sheet (PTOL-326) of that Office Action by erroneously listing claims 1-13 and 19-21 as being rejected when it should have read -- claims 10-13 and 19-21 --.

In sum and to clarify any misunderstanding, claims 1-9 and 14-18 are withdrawn. Claims 10-13 and 19-21 are rejected. The prior Advisory Actions are superceded by the current Office Action.
